Friday 22nd January 2021

You are all doing so well with our online learning. As we get set to enter Week 4, think about Growth Mindset—what will make you carry on when the going gets tough? Having a growth mindset is a positive outlook, it helps you to see that making mistakes is part of the learning process. You can view difficulties and having to think hard as moving forward with your learning. After all, if we could do everything, we wouldn't be learning anything new. I've put a few sayings at the end of this bulletin which might help. Choose one you like and repeat it to yourself. I'll tell you mine:

'I am calm, I can do it and I will cope.'

Keep going with everything and stay safe.

Diane Blackie—Interim Head Teacher
