The rationale for acquiring the Partnership, the contribution it will make, and the direction it will provide to the schools can be summarised as:

The Penwith Education Trust strives to ensure a high quality learning experience from 4-16 for young people in Penwith and the surrounding area. The Trust will work closely across our school communities to further raise aspirations, create opportunities and contribute fully to the life of the community. The expansion of the Trust will provide a strong and well-tested legal entity through which to collaborate with our partners for the benefit of our learners.

Key aims of our Trust are to:

- Ensure consistently high expectations across all of our schools: amongst learners, teachers, parents and carers;
- Enable all learners to benefit from high quality teaching and learning;
- Work effectively with parents and carers, professionals and the wider community to promote health and well-being, in order to create the right conditions for learners to thrive;
- Make efficient use of all resources available to us and thereby maximise the benefits for learners;
- Work with external partners to widen the range of opportunities available to our workforce and our young people;
- Improve social cohesion within our community by strengthening our commitment to co-operative values, including respect, social justice, fairness and democracy.
