

ST LEVAN PRIMARY SCHOOL

BULLETIN 28 9TH JUNE 2020

Dear parents/carers

I hope you are all keeping safe and well during this continued unprecedented time. I would like to take this opportunity to thank you for your continued support throughout this period. It was obviously a very difficult decision for the School to remain closed but the Governing body were completely in agreement that this was the right decision for our school and community at this time. We appreciate the time you took to share your views with us in our survey.

However I am also writing to you all with some news. I am pleased to announce that Diane Blackie, who was appointed to the Interim Head post just before the school closed has now taken up her position and will be in charge of the school as we plan and prepare for firstly our Year 6 partial return and for September. You will be able to read a little more about Diane later in this bulletin.

I must therefore take this opportunity to formally thank Sue Smith for all of her hard work and commitment during this difficult period for the school. We have been very lucky to have the support and outstanding leadership and professionalism of Sue Smith to guide us all through this very challenging time. I know that she will be able to give Diane all the information she needs about the school and she will continue to support all of us in her School Improvement role.

Keep safe and well

Sharon Brolly
Chair of Governors

Amos' Boat

We are so impressed with Amos' amazing homemade wooden boat.

After the first launch, the boat seemed uneven so Amos attached ballast to the bottom which with slight adjustment ensured the bow wasn't under water.

Our New Interim Headteacher— Mrs Diane Blackie

I am delighted to become involved with St Levan School and all that it stands for. I have been involved in primary education for nineteen years, teaching and as a head for six years. I bring a deep love of the countryside and sea, animals and of course children! I have three grown up children, who have long since flown the nest, one as far as New Zealand! Recently I dipped into retirement but feel I still have plenty to offer.

I look forward to working with you all.

Martha and Freya have been busy

They have been making toy food out of clay for their dolls. Martha has baked some gluten free buns and they have also been on a long walk to Gwenver and back.

Well done to everyone for your work on the Forest Floor Institute Project with the Royal Central School of Speech & Drama.

(If you haven't yet sent back your consent form to take part, you can still do so. It is available from the school website in the Forest Floor Institute Project folder. Please return to secretary@st-levan.cornwall.sch.uk)

We have received some brilliant photos and learning, take a look.....

Elyssa and Lailani's animal habitats for Ivy River, the zoologist.

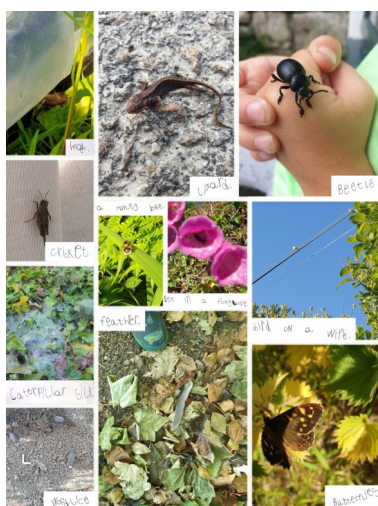

Tildy and Sadie's guided rainforest draw to music for artist Aubrey de la Mer.

Morvy and Freya have completed the welcome pack and become members of the institute.

Humphry's nature walk inspired poster, also for Ivy River.

Welcome to The Forest Floor Institute!

Dear Explorer,

We need to save the rainforest, but we have to keep our plans secret from Chancellor Chop!

Please give us your secret name and a few things about yourself. Either ask your parent or carer to print this or email Miss Ferguson your answers!

My Secret Name is.....Miss Tilly T. Jones.....

I am in expert at (exploring, science, art).....exploring, science, art.....

My favourite animal is.....T. rex.....

My favourite colour is.....blue.....

Draw a picture of yourself here!

Can't wait to get started!
The Forest Floor Institute

 Science Goggles For protection!	£15	1	£7.50
 Laptop So I can email Miss Finch and Miss Ferguson!	£250	1	£250

Will's Fab Idea:

My idea to be able to save some of the rain forest habitat for the primates, toucans, panthers, and lizards, is to protect some of the forest from Chancellor Chop by raising money to buy the forest. We could ask people to help raise money by buying a newspaper we have all written, which shows what Chancellor Chop is doing to the rain forest. We could provide facts and pictures of the forest if he is allowed to chop the trees down.

Don't forget to send your messages for Cassidy's radio show. She would like shout outs from children to their friends to be shared on the show.
