

Geography pupil survey (Completed February 2022 to help inform Geography subject area targets)

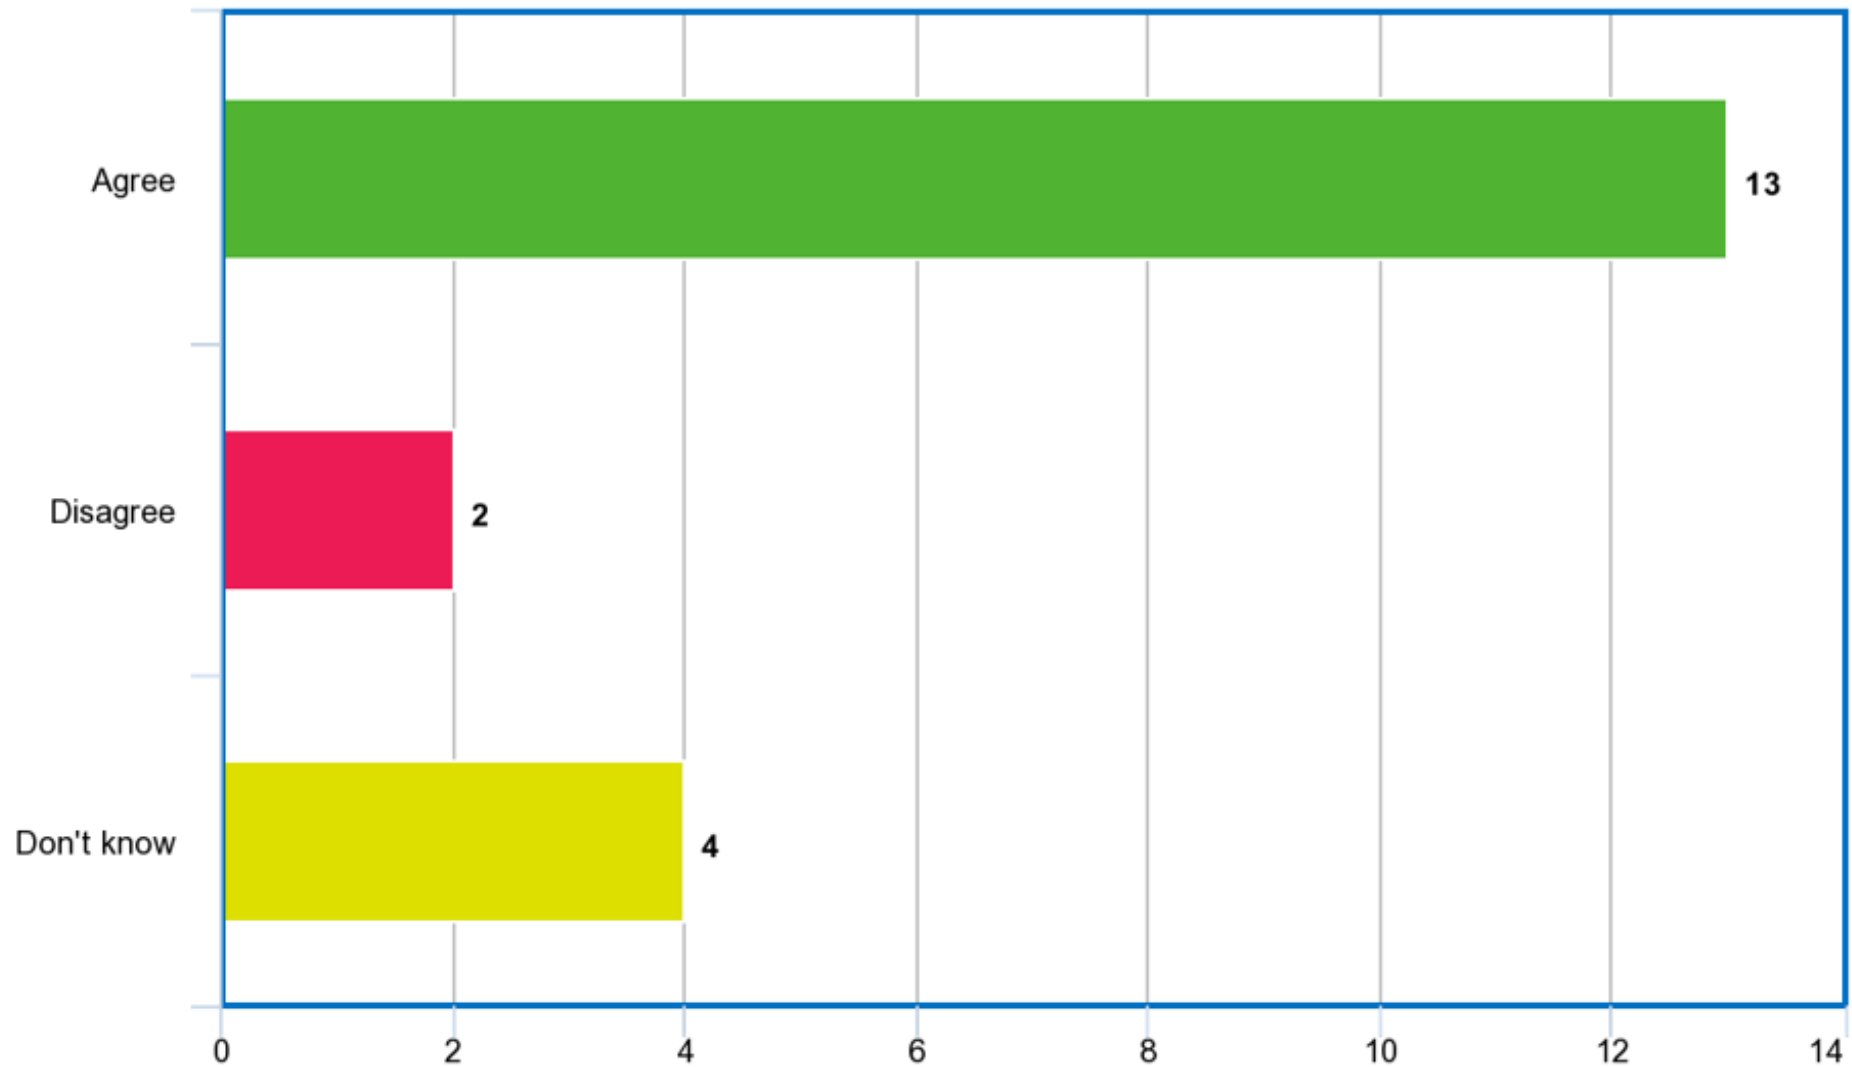

Pupils from KS2 were asked to complete a short survey compiled by the geography leader. The purpose of this survey was to capture the pupil's thoughts on our geography curriculum and make any adaptations to our provision if we felt it necessary.

“Write three words you think of when you think of Geography.”

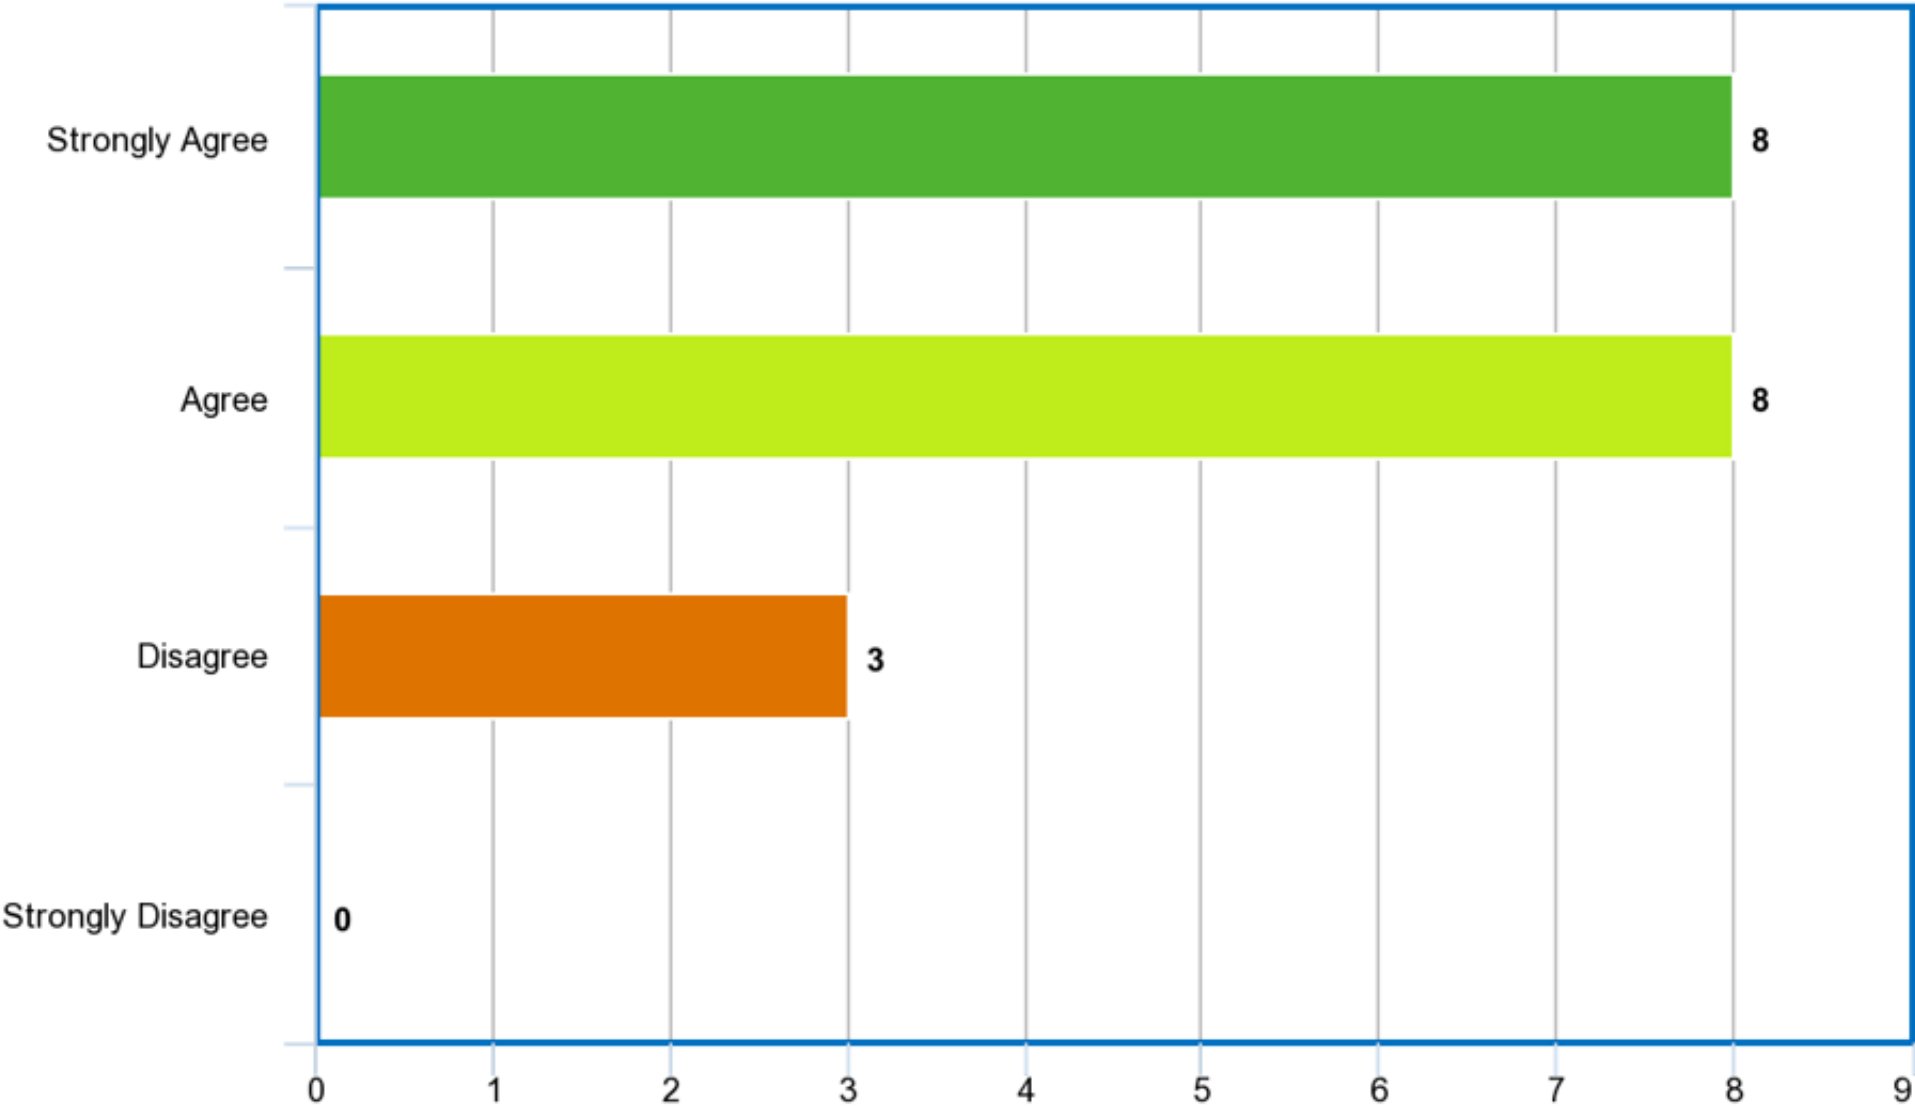

Here are the
answers

cloud!

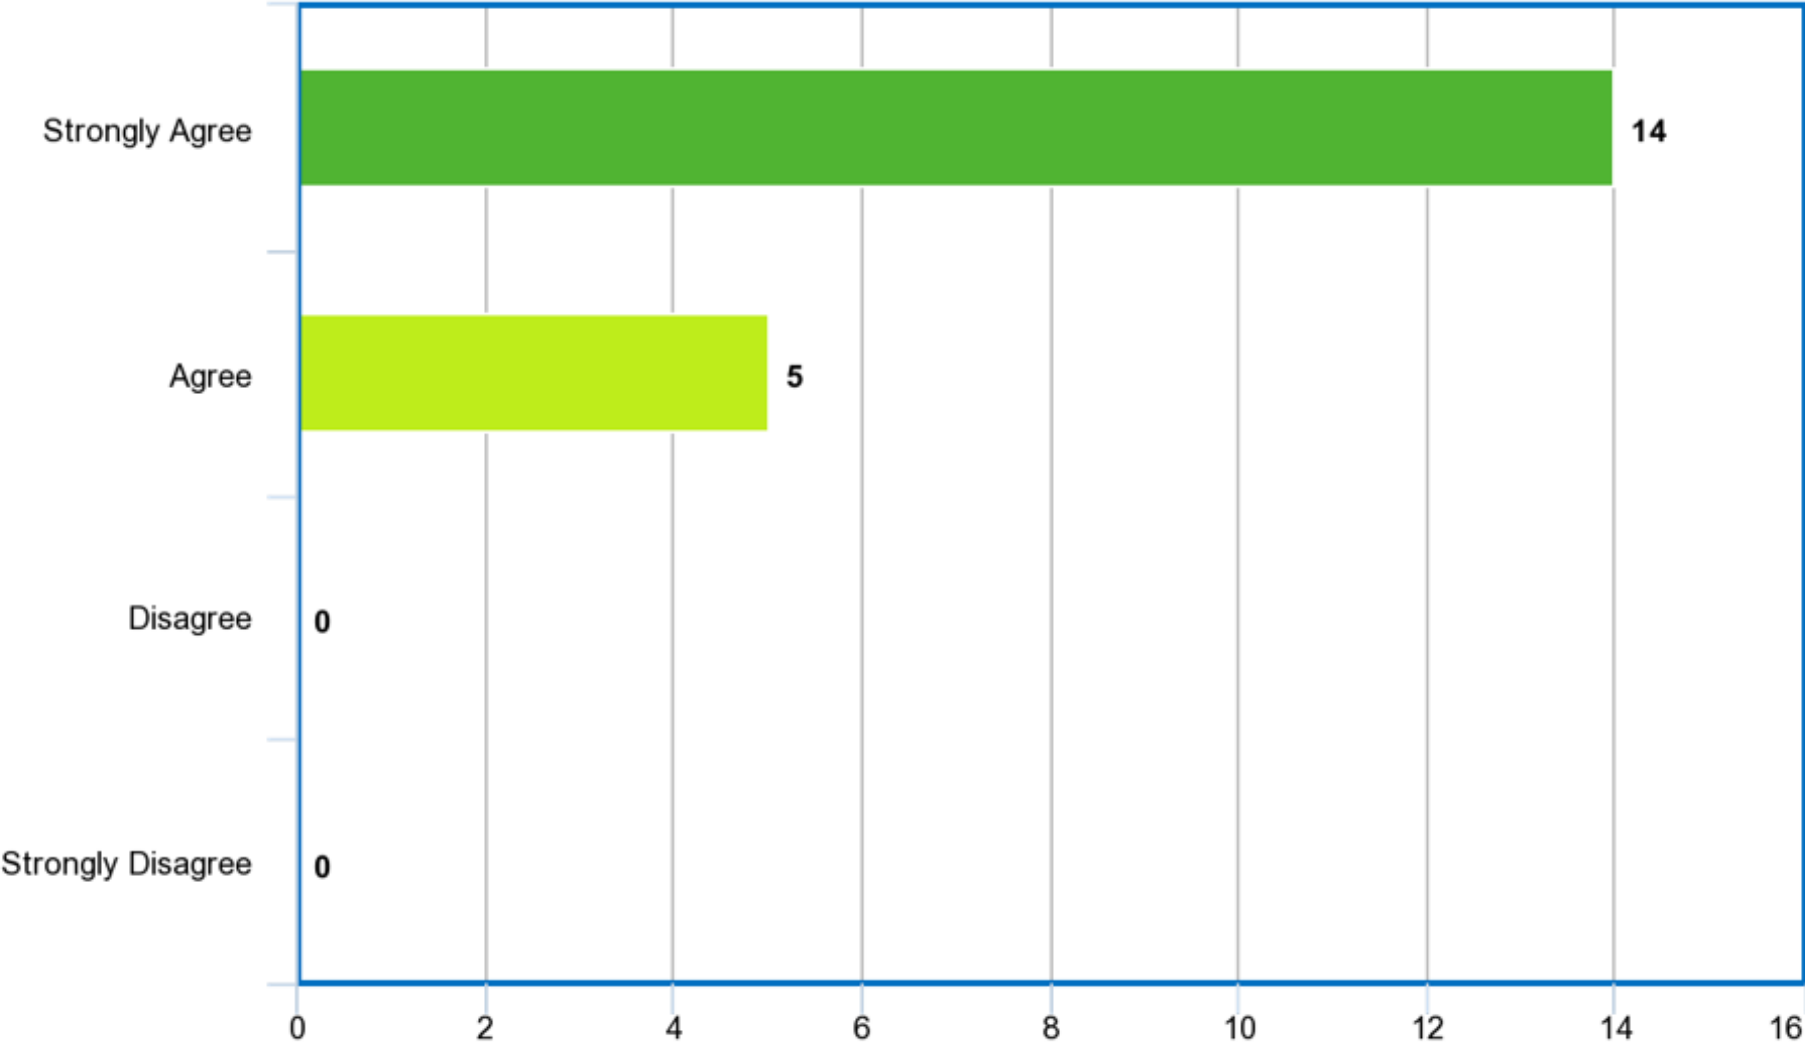

I fully understand what Geography is (Puffins):

I enjoy my Geography lessons (Puffins):

My teacher enjoys teaching geography (Puffins):

Why is it important to learn about Geography (Puffins answers)?

- It's important to know where to go
- Know about human impact
- You can go on field trips
- It's good to know about maps – then you won't get lost!
- So you know how to use a map and don't get lost
- So you know about your surroundings
- Because you need to know what is going on with the world and how everyone is impacting on the world
- Because then I can use maps properly
- Because it's important to learn about the earth so that if I was ever near a volcano and it erupted, I would know how to run away
- So I know about the world
- So you can read maps and if you're lost you can find your way
- So you can know about human impact on the world
- If you don't learn about Geography, you may come across dangers and wouldn't know what to do
- So if you get lost you can find your way
- So you know what the human impacts are on the world
- So you know about your surroundings and so you don't get lost
- It's good to know about human impact and Geography is important
- Because it's important to make maps and see human impact so we can limit it if we find it
- So you know about human impact in different parts of the world
- So you know about different parts of the world and you know about different stages of nature. Also so you can read maps in case of emergencies.
- Because it's about the world around us
- So that you understand about human positive and negative human impacts so we can help if anything is wrong

What makes a good Geography teacher (Puffins answers)?

- Someone who knows about maps and how to read them
- Taking your opinions as well as teaching you new things
- To teach it in a fun way and explain it well
- Someone who knows about the planet and knows about maps
