Yr 2/3 Transition Workshop: Expression of Interest Form

By completing this form, you are consenting to your child being involved with the Mental Health Support Team (MHST) FREE Yr2/3 'Transition' workshop with their peers happening in school, after Half Term.

This will consist of your child attending a one-off workshop to alleviate any worries or concerns about the transition into Puffins class in September. Being in this group will give the children the chance to share any thoughts, worries or concerns about their move, and have their questions answered and their worries addressed.

Because we are funded by the NHS, by signing this letter, you are consenting to a generic note being added to your child's clinical health record regarding their attendance at this workshop.

Parent's Name.....

Signature.....

Upon signing this letter please return it to your child's school.
