Dear Families

New Online Payment System

We are always looking at ways to reduce school spend on items that don't directly benefit our pupils – this enables us to spend more of our limited budget on items that the children love – like trips and events!

With cost saving in mind, we are moving to a new payment system - My Child At School (MCAS).

All dinner money and other costs incurred since the start of the term are now available to pay via MCAS.

Please visit the website <https://MyChildAtSchool.com>, where you can pay online or download the app. Click forgotten password to receive an email to enable you to set a new password.

Please do clear any balances for items prior to 22nd April in SchoolComms.

Please do login to the new app as soon as possible and clear any new balances.

Let Cassandra know if you have any issues or require any help.

Yours sincerely

The St Levan Team
